Participating in hackathons and coding challenges

Communicative software engineer with 10+ years of experience. Certified in Java and Python programming. Keen to serve as the Team Leader for the software engineering team at Red Froggo to lead their projects to successful completion by implementing the Agile methodology. Led a cross-functional development team to design and build a virtual museum app that was recognized with a Webby Award in 2021.

Work History

- 2020-06 **Software Engineer**

Siren Magic, Columbus, OH

- Implemented software testing frameworks that led to a 38% decrease in critical errors in newly developed applications.
- Created new JavaScript components that helped increase the time on page by 6 minutes for the average user of an e-commerce app.
- Engineered 20+ online applications with Java, Python, and Ruby.
- Served as the point of contact for business partners and project stakeholders.

Key Achievement:

- Led a team of developers, graphic designers, and UX designers to create a virtual museum app recognized in the Art, Culture, and Events category of Webby Awards in 2021.

2012-06 - 2013-12 **Junior Software Developer**

FlowerPower Soft, Springfield, OH

- Performed manual and automated tests for 30+ company products, which helped to decrease the error rate by 12%.
- Collaborated with a team of junior developers to improve the application loading speed by 8%.
- Assisted UX and UI designers in creating mock layouts for project stakeholders.

Key Achievement:

- Detected and fixed an app error that led to a 12% improvement in user ratings within two weeks.

Education

2008-09 - 2012-05 **Computer Engineering, Bachelor of Science**

University of Dayton, OH

Certificates

2020-02 **Certified Associate in Python Programming**

2018-09 **Oracle Certified Associate**

Java SE 8 Programmer
